

Funds Availability Policy

Larch Valley Credit Union. Version 2024.3, effective July 1, 2024.

1. Our general policy

Our policy is to make funds from cash and electronic direct deposits available on the day we receive the deposit. Funds from check deposits are generally available on the first business day after the day of deposit.

2. Business days

A business day is Monday through Friday, excluding federal holidays. Deposits received after 5:00 pm Pacific time on a business day are treated as received on the next business day.

3. Longer delays may apply

In some cases we will not make all of the funds from a check deposit available on the first business day. The table below shows when funds become available in those cases.

Table 1. Extended holds on check deposits

Situation	First available	Remainder available
Deposits over 5,525 dollars on one day	First 225 dollars next day	7th business day
New account, first 30 days	First 225 dollars next day	9th business day
Redeposited returned check	None	7th business day
Repeated overdrafts in last 6 months	First 225 dollars next day	7th business day

If we delay availability, we will tell you when the funds will be available, at the time of the deposit or by mail no later than the first business day after the deposit.
